## **Background**

On November 5, 2003, TSA published a "Notice Requesting Comment on the Imposition of the Aviation Security Infrastructure Fee" (68 FR 62613). Comments to that document were to be received on or before January 5, 2004. By a letter dated December 17, 2003, the Air Transport Association (ATA) requested that TSA extend the comment period on the notice for 30 days. ATA stated that, considering the potential substantive impact of changing the current fee methodology on their membership, it requested more time to adequately develop its comments by conducting a survey of its members so that it can provide TSA with a consensus proposal.

## **Extension of Comment Period**

TSA has considered ATA's request and has determined that ATA has shown a substantive interest in the notice and good cause for the extension. TSA has determined that an extension of the comment period is consistent with the public interest, and that good cause exists for taking this action. Accordingly, TSA has decided to extend the public comment period on the notice for an additional 30 days. The deadline for the public to submit comments on the notice now is February 5, 2004. TSA does not anticipate any additional extensions of the public comment period for this notice.
